Your tutors:

Sandra Williams IHRA, www.hearinghorses.com

Sandra is based in Buckinghamshire. Her calm and thorough approach is well known amongst Intelligent Horsemanship members. She is a tutor on Intelligent Horsemanship courses in Oxfordshire and has also lectured at Berkshire College of Agriculture.

Rosie Jones IHRA, www.rosiejones.yolasite.com

Rosie is currently based in West Sussex. She rides on tour with Kelly Marks and was Monty Roberts' first female demo rider. Rosie also teaches on IH courses and has a particular interest in nappy horses and ridden problems.

Jim Goddard IHRA, www.jimgoddardhorses.co.uk

Jim lives at Griggs Ghyll farm with his young family. He is Monty Robert's Tour manager and has ridden in Kelly Mark's May Masterclasses. He and is a level one accredited coach.

What is this course about? Whether you would like a better insight into improving your relationship with your own horse, or are wanting to work towards helping other people with their horses, this course is ideal for gaining real hands on experience and an opportunity to focus on developing problem solving skills and method of thinking through the training that you want to achieve.

No horse fits neatly into a box or category, and this course allows us to explore the individual, tailor made choices and skills that are essential to successful horse training. You will learn the real tools of the trade in finding workable solutions for individual horses and the issues that can arise.

During the course participants will be given the opportunity to work with a project horse/pony in small groups. You will not only cover the theory relating to your project/training aim, but will also be guided and supported through designing and implementing your own training sessions, and creating a follow up training program for the owner to continue with.

Who is this course for? This course is open to everyone. Horses will be assigned according to experience and confidence. The format and concept of the course ensures that there will always be something new to pick up and a safe environment in which to develop your skills.

Horses needed!

If you would like to bring your horse as a guinea pig, please get in touch. Clipping, handling, catching, mounting, loading, spooking, or absolutely anything else that you would like to start to change...

If you have any questions about the course feel free to contact any of the tutors

To book onto this course please contact Sandra by email, sandra@hearinghorses.com
